The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock IN ADDITION TO THE SOUVENIR.

A PRIZE FOR EVERYBODY.

Be sure to have your answers ready to hand in at our store TUESDAY afternoon, between three and five. They must be WRITTEN if you wish to receive a souvenir or prize.

COME, IF YOU INTEND TO BUY OR NOT.

EDUCATION LIES IN KNOWING THINGS—KNOW why the oven of a range is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

SAVE \$8.00

As a special inducement during our demonstration this week only, with every MAJESTIC RANGE sold (prices always the same), we will give free, one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoils a batch of bread, every once in a while—you know it cost considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic MALLEABLE AND CHARCOAL IRON Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "sight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent. stronger than other ranges where most ranges are weakest.

Don't Overlook the Date. This is a Special Invitation to You, Your Friends and Neighbors.

HOT LUNCHES

Supplied Hereafter at Two Schools at Nominal Charges.

The Virginia street and McLean public schools yesterday inaugurated a lunch system for pupils. Mrs. Georgia Clark is in charge at Virginia and Mrs. Nell Mitchell at McLean. The lunches will be prepared on the premises in well arranged kitchens. The lunch will consist of something hot, a pint of soup, cocoa or something of that kind, two kinds of sandwiches and some kind of fruit or something sweet. The cost to the pupil of each one of these things is one or two cents, so that a full lunch costs about five or six cents.

At the Virginia school, all the money for lunches is handled by the parent-teachers' league for that school. It is by no means a money making proposition, the only idea being to just pay expenses. But if any surplus should accrue it probably would be used for furnishing lunches to those children unable to buy them.

The Elks donated a gas range for one school and Frankel's store gave a set of dishes to both schools and Waller & Trice contributed a set of aluminum cooking vessels and other donations were made of vessels and supplies.

ERROR OF 100

May Change The Result In a State Contest.

An error of 100 votes in the race for secretary of state was discovered in the Christian county returns Saturday. It was found that Hamlett's vote was summed up wrong. The mistake was clerical and came in posting in the result by precincts in the official tabulation. The figures were being called to a clerk and inadvertently he gave Hamlett 163 votes at Lonnview precinct, when it should have been 63. This made Hamlett's total, according to the official certificate, 2,833, when it should have been 2,733.

Blackmail Implied.

A statement given out at the Austrian Embassy, following a personal denial by the charge that "a hotbed of propaganda" existed to destroy munitions plants, charged that Dr. Coriclar, formerly of the Austrian Consular service, had asked a monthly sum to discontinue his assertions.

More than fifty additions to the church membership have resulted from the revival which began at the Baptist Tabernacle, Twenty-sixth and Market streets, Tuesday, November 2, and closed Sunday night. The Rev. Dr. Calvin M. Thompson, of Hopkinsville, conducted most of the services, assisted by the pastor, the Rev. Dr. J. J. Clow.

The fifty additions secured during the revival led by Dr. Thompson brings the membership above the 700 mark.

Dr. Thompson has preached every day during the revival, and the services have been largely attended, both by old and young.—Courier-Journal.

Crepps Beckham, Jr., left for Washington City the last of the week, where they have taken an apartment in The Highlands, on Connecticut avenue, and where they will be during the session of Congress. They will stop en route to the Capitol city at Staunton, Va., to see their daughter, Miss Eleanor Beckham, who is a student at the Mary Baldwin Seminary. Beckham Triplett, secretary to his uncle, will accompany them.

Beautiful Girl Well Known Here To Wed in Louisville.

The approaching marriage of Miss Cornelia Watkins and Mr. E. Winfield Dozier, of Dallas, Texas, is announced to take place in Louisville, Nov. 27, at the home of the bride's parents, Mr. and Mrs. Rosh C. Watkins. Miss Watkins is a grand-daughter of the late Wm. A. Lowry, of this city. Her mother was Miss Porter Lowry, a beautiful girl, and the daughter has inherited her mother's beauty. Mr. Dozier is quite well known here, the family having many Hopkinsville friends.

Prayer Before Battle.

When the British ships under Lord Nelson were bearing down to attack the combined fleet off Trafalgar, the first lieutenant of the Revenge on going around to see that all hands were at quarters, observed one of them devoutly kneeling at the side of his gun. So very unusual an attitude in an English sailor exciting his surprise and curiosity, he went and asked the man if he was afraid.

"Afraid!" answered the honest tar, with a countenance expressive of the utmost disdain, "No! I was only praying that the enemy's shot may be distributed in the same proportion as the prize money—the greatest part among the officers!"—(Pittsburg Chronicle-Telegraph).

For Squeaky Boots.

The disagreeable noise of squeaky boots may be stopped by having the shoemaker spring them on each side and insert between the soles a teaspoonful of French chalk or drive into the soles a few pegs. This process costs only a trifle and answers admirably.

Water Boy Prospered.

J. Leonard Replogle, of New York, who began his business career as a water boy in the Cambria steel mills at Johnstown, Pa., has paid \$15,000,000 for 300,000 shares of stock in the company.

The Finest Rose.

Mrs. P. W. Emerson, of near Bandana, sent to our office last Saturday the tallest rose we have ever seen, and is on probably the longest stem ever produced. It is a single stem, nine feet long, with a beautiful rose on the top of it. Mrs. Emerson says this was planted last May, and has grown the entire length in six months. It is called the "Perpetua" and has a beautiful tint between a pink and red color.—La Cetera Advance.

A Grant county man raised a pumpkin weighing 67 pounds and five feet in circumference.
